SPEAKER: Cynthia Elkins-“Insurance for Sports Cars”

Cynthia Elkins specializes in auto insurance. She described how insurance companies rate cars using 1-50 rating; sport cars start at 30. Porsche may be listed at 40; most companies will not underwrite cars over 25.

To lower rates: Find a company that is looking for your demographic; gives discounts for good personal behavior, such as clean record, side airbags, LoJack, storing the car in the garage....

Questions to ask when insuring your car: Will your company insure my car? Do you use strict ISO rating (which is very expensive) or do you give discounts for the above? What is the rating cut-off that your company uses?

Traffic tickets remain on your record for 3 yrs (unless you complete traffic school); 10 years for DUI, drag racing, or reckless driving; 5 yrs for accidents.

After age of 70 your rates go up (all cars). Look for good driver record discount!

ADJOURN: Please stay for social mingling and to meet new members.
