

# Sports Car Ride

## Empire Mine State Historic Park

By JERRY AND ROY KLOTZ MD

**Friday, June 2, 2023**

Jeanne Cervantes and Wood McCann are leading a ride to the Empire Mine in Grass Valley. There, we will have a tour to include the cottage and clubhouse, the mine yard and the mine shaft.

The docent of our privately lead tour, Dennis McKenzie, will meet us upon our 10 am arrival to assist us with parking.

The tour, starting at 10:30 am, is two hours long and costs \$10 per person, payable at the entrance.

Following the tour, we will drive into Grass Valley to have lunch at Margarita's Mexican Restaurant. We will order off the menu and have separate checks.

After lunch, you are on your own, free to explore more or go straight home.

### **Please Note**

**This is an outside, 2-hour walking tour with some graveled pathways and multiple steps into most attractions. Sturdy, enclosed-toed shoes, hats and hydration are recommended.**

On the morning of Friday, June 2<sup>nd</sup>, we will gather at the usual place in the OC parking lot at **8:15 am** for final instructions and photos. Wheels roll at **8:45 am**.

The ride to the Mine is 42 miles and a little over one hour long.

There is a 15-car limit. Please email Jeanne Cervantes to request a spot on the ride. You will be sent a return email confirmation. When the first 15 spots are filled, a waitlist will be started.

The cutoff date for reservations is Friday, May 26, 2023
