

# Lincoln 4th of July Parade 2024

Event Leader: Steve Kerner/ Scott Humphrey

Sign up Contact by email: Scott Humphrey

Sign up early to facilitate planning deadline June 25

## Important times:

7:30am – Thursday, arrive at our OC usual assembly spot. At OC, we will line up in a specific order corresponding to the group's position number that has been assigned by the parade organizer. Bring some tape to attach your individual car position number allowing the parade announcer to ID your vehicle details.

7:50am - Departure. The it will be important that you stay "tight" when leaving OC. Please, use your walkies [on Channel 6.1] to alert Steve if you get trapped at a stop. Directions to the parade staging area will be provided at the start.

8-8:30am - We must be settled in assigned number order at the parade staging area. Decorate care and have a rest stop before parade starts.

9:00am – Parade begins. Parade Block Captains will direct us when to move into parade insertion.

1. The parade organizers need an accurate Car Club participation count no later than June 25. The Club will pay a modest fee for our group's participation. There is no car number limitation. Contact Scott at his email shown above for a spot.

2. From the time you leave OC in specific car order, to the end of the parade, we estimate the duration at about 2.5 hours.

3. If you will have decorations for your car, there will be enough time to put them in place at the parade's staging area otherwise they tend to blow off on the drive to the event.
